"It's All About Wildlife and Clean Streams"

Landowner / Member V2018

# IMPACT QUWF

SURVEY

As a valuable landowner or land user, your help will greatly improve our message. Please complete this survey (one per family) which is anonymous. This helps us fight for you with better programs and directions you need. **This is IMPACT QUWF**. Please submit your totals tonight, this is huge information. We do not need individual names. The totals are very important to show your impact in your community and how important "you" are. Only 1% of the population works for wildlife.

5 powerful questions that can change things for your chapter and QUWF!

1. Estimate how much money you spend as a family in the local community \$ \_\_\_\_\_  
Include such things as food, taxes, fuel, groceries, supplies, feed, seed, fertilizer, clothes, donations, furniture, cars, trucks, tractors anything you buy in the local area is **economic IMPACT!**
2. How many acres do you own, lease, work on or use \_\_\_\_\_ acres?  
This is where we begin to **IMPACT the land**.
3. List the number community organizations and events you support \_\_\_\_\_  
This includes the PTA, QUWF, NWTF, school programs, boards, churches, community committees, events, parades, we **IMPACT our Communities** very positively, let's let everyone know.
4. How many registered voters are in your family \_\_\_\_\_?  
We can **IMPACT our politicians** so let's do it!
5. Do you actively work the land for upland wildlife and clean streams \_\_\_\_\_ Yes \_\_\_\_\_ No  
This includes food plots, Timber Stand Improvements, wildlife openings, clean streams, fireline planting, native grasses and pollinators **"Turn-the Dirt" and clean our streams**.

We will create a "Talking Paper" for your community, let them know who you are and what we represent. **IMPACT NOW!! -- This is a powerful message!**
