

QUWF Habitat Project Report

Send In Within 10 Days of Project Completion

Date: April 24-25, 2010

Chapter Number: FC-14

Project Start Date: _____

Project End Date: _____

Project Leader: Jeff Carley

1. Location of Project:

Mint Canyon School
Santa Clarita, CA

2. Description of Project:

Snake Avoidance Clinic for Dogs

Partners: USFS BLM NRCS FSA State Agencies

Other QUWF Chapters: _____

Other Partners: _____

3. Acres Impacted _____

Wildlife Impacted (list all species that apply, use a second sheet if necessary):

4. Total Funds Used: \$ _____ Total Volunteer Hours: _____ In Kind Value \$12.00/ hour

Grants Used From: _____ 144 Hours for 2 days Total Amount \$ 1728.00

Other Fund Sources: _____ Amount \$ _____

Other Fund Sources: _____ Amount \$ _____

5. Equipment Used: Use In Kind Rate Values from Your State based on “Hours Used Times the In Kind Value.” See example on instruction page. **Add any items not listed here.**
List quantities in the boxes next to those that apply.

Pick Up(s)		Trailer (s)		Hand Tools		Power Tools	
Chain Saw (s)		Pole Saw (s)		Blower (s)		Sprayer (s)	
						<small>*Indicate if sponsor brand</small>	
Drip Torches		Flappers		Fire Rakes		RTV	
ATV		Other		Other		Other	

Tractor		Hours Used		In Kind Value \$	
Dozer		Hours Used		In Kind Value \$	
Excavator		Hours Used		In Kind Value \$	
Bob Cat Tree Clipper		Hours Used		In Kind Value \$	
Other		Hours Used		In Kind Value \$	
Other		Hours Used		In Kind Value \$	

6. Dirt Work: Use In Kind Rate Values from Your State based on “Hours Used Times the In Kind Value.” See example on instruction page. **Add any items not listed here.**

Harrows/ Discs		Hours Used		In Kind Value \$	
Plows		Hours Used		In Kind Value \$	
Spreader		Hours Used		In Kind Value \$	
Seeder		Hours Used		In Kind Value \$	
Drill		Hours Used		In Kind Value \$	
Cuti-packer		Hours Used		In Kind Value \$	
Roller		Hours Used		In Kind Value \$	
Spraying		Hours Used		In Kind Value \$	
Water Guzzler Installed/ Maintained		Hours Used		In Kind Value \$	
Access/ Egress Maintenance		Hours Used		In Kind Value \$	
Other		Hours Used		In Kind Value \$	
Other		Hours Used		In Kind Value \$	

7. Edge Management: Use In Kind Rate Values from Your State based on “Hours Used Times the In Kind Value.” See example on instruction page. **Add any items not listed here.**

Edge Feathering		Hours Used		In Kind Value \$	
Timber Thinning		Hours Used		In Kind Value \$	
Brush Piles/ Removal Oak Savannah’s		Hours Used		In Kind Value \$	
Fence Maintenance		Hours Used		In Kind Value \$	
Fire Lines		Hours Used		In Kind Value \$	
Fire Wood Production		Hours Used		In Kind Value \$	
Other		Hours Used		In Kind Value \$	
Other		Hours Used		In Kind Value \$	

8. Supplies: Add any items not listed here.

Fertilizer (pounds)		\$ Amount	
Seed (pounds)		\$ Amount	
Lime (pounds)		\$ Amount	
Cement (pounds)		\$ Amount	
Fuel (gallons)		\$ Amount	
Lumber		\$ Amount	
Dirt/ Rock or Fill		\$ Amount	
Fencing		\$ Amount	
Other Materials		\$ Amount	

9. Other In Kind Labor/ Work and Values

Mileage – 1293 @ .50/mile = \$646.50

Total Invested Dollars, All Sources: \$ _____
Total In Kind, All Sources: \$ 2394.50 _____

Overall Comments on the Project:

Clinic went well, no problems
Other info filed on joint Funds report

Instructions:

**Please complete and send this report within 10 days to;
QUWF, P.O. Box 947, Buffalo, MO 65622 or email to calderman@quwf.net or
admin@quwf.net.**

We will be assigning points to the information for chapter evaluation for an overall prize or prizes to be determined. Each time a report is submitted, if it is a viable project, and it is completely filled out, 25 points are provided to the chapter, then incremental points are assigned based on the information and impact of the project and for the use of corporate sponsor products.

The items listed under each category are thought starters, not meant to be the total items, please add all that you used on additional sheets of paper.

1. **Location:** Provide the city, state and county of the project or closest landmark. If you have the GPS coordinates, Township/ Range/ Section, in addition to the general information above, that is great.

2. **Description of Project:** who, what, when, why (the goal) and how.

3. **Acres Impacted and Wildlife:** List the acres impacted (a guzzler may affect 640 acres). List all the wildlife the project will affect, game species, song birds, all the species. Photos of the before and after are perfect and should be planned for submission with this report.

4. **Total Funds Used:** All real cash used from all sources for the project, including grants. Total volunteer hours applied to the project, and the estimated value of those hours. If your state does not have a suggested hourly rate for farm or conservation work, the University of Missouri (extension.missouri.edu) provides a guide of custom rates for farm services which roughly applies to conservation projects, report G 302. For example, jobs using a tractor and loader have an hourly rate of \$47.50, digging holes \$25.50 an hour, fencing \$17.50 an hour, bush hogging \$15.00 per hour. Please check our web site at www.quwf.net, in the Tool Shed, in the Tool Box for updated state rate reports.

5. **Equipment:** Check or list all the equipment and quantities you used (use another piece of paper if you need to). If your state has a rate sheet for Ag and conservation work, please use those rates. We will post the MO rate sheet, MO Extension report G-302 in the Tool Shed, "Tool Box" as an example and other states as we get them. For example, a job with a loader and tractor has a value of \$47.50 per hour on average. You can also use local rental rates for tools or equipment used. Sponsor equipment will get extra points assigned as they come on board. Remember photos.

6. Dirt Work: Check or list the project techniques you performed. If your state has a rate sheet for Ag and conservation work, please use those rates. We will post the MO rate sheet, MO Extension report G-302 in the Tool Shed, "Tool Box" as an example and other states as we get them. For example, a job with a loader and tractor has a value of \$47.50 per hour on average. Sponsor equipment will get extra points assigned as they come on board. Remember photos.

7. Edge Management: Check or list the edge project techniques you performed. If your state has a rate sheet for Ag and conservation work, please use those rates. We will post the MO rate sheet, MO Extension report G-302 in the Tool Shed, "Tool Box" as an example and other states as we get them. For example, cutting brush and trees and piling on site has a value of \$450.00 per acre to a high of \$1,575.00. Sponsor equipment used will get extra points assigned as they come on board. Also remember, if you spray hardwood stumps, a chemical application allowance would be included here. Remember photos.

8. Supplies: All the supplies employed for the project should be listed here. Include all receipted items and any In Kind items that were donated for the project, it all counts. This should include donated food, lunches, water, drinks etc for the individuals or crews on the project.

9. Other In Kind Labor/ Work and Values: No matter how many things we list, there will be other items used, rented or donated for your project, please list them here with assigned values if they are In Kind. Keep track of all expenses, equipment and items used, it adds to the actual total value your chapter applied to the project which is to your benefit for grants and future projects.

Total it all up and send in this report to National. We will post a report on your web area with the photos, and add it to the overall accomplishments of your chapter for an evaluation and competition among chapters. This is why we were formed, and why your work is so critical to quail and upland wildlife survival.

Outreach and Youth Events: There is a separate form for all other outreach events not habitat oriented, please ensure it too is completed so we may tell your story and reflect your work in the community educating and reaching out to let others enjoy the conservation preservation of the outdoors.
